

Safeguarding and Welfare Requirement: Child Protection

The safeguarding policy and procedures must include an explanation of the action to be taken in the event of an allegation being made against a member of staff, and cover the use of mobile phones and cameras in the setting.

1.6 Use of mobile phones and cameras

Policy statement

We take steps to ensure that there are effective procedures in place to protect children, young people, and vulnerable adults from the unacceptable use of mobile phones and cameras in the setting.

Procedures

Personal Mobile Phones

- Staff Personal mobile phones must be on 'silent' setting and stored away in personal bags in the kitchen whilst the setting is open to children.
- In the event of an emergency, personal mobile phones may be used in the privacy of the office, with permission from the manager.
- Members of staff ensure that the telephone number of the setting is known to immediate family and other people who need to contact them in an emergency.
- If members of staff take their own mobile phones on outings, for use in the case of an emergency, they must not make or receive personal calls as this will distract them.
- Members of staff will not use their personal mobile phones for taking photographs of children on outings.
- Parents and visitors are requested not to use their mobile phones whilst on the premises. There is an exception if a visitor's company or organisation operates a lone working policy that requires contact with their office periodically throughout the day. Visitors will be advised of a quiet space where they can use their mobile phone, where there are no children present.

Cameras and videos

- Members of staff must not bring their own cameras or video recorders into the setting.
- Photographs and recordings of children are only taken for valid reasons, i.e. to record their learning and development, or for displays within the setting.
- Photographs or recordings of children are only taken on equipment belonging to the setting.
- Camera and video use is monitored by the setting manager.
- Parents are asked to sign a permission form on entry giving permission for photographs and recordings of their children to be taken by other parents during special events and occasions. This is on the understanding that the photographs are purely for individual use and are not to be posted on social media if other children are easily identifiable in the picture.

- Photographs and recordings of children are only taken of children if there is written permission to do so (found on the individual child's Registration Form).
